The state of Texas does not regulate Naturopathic Doctors or the use of the title "N.D." For this reason it is especially important to verify your Naturopath's training and certification. She sat for and passed national naturopathic board exams and currently carries a valid Arizona license (12-1331). *Please carefully read the following and initial each statement:*

\_\_\_\_\_The state of Texas does not offer a Naturopathic license to Naturopathic Doctors, but Dr. Robin Lloyd Bailey, ND does hold a current medical license from another state.

\_\_\_\_\_As a result, Dr. Robin Lloyd Bailey, ND cannot legally prescribe pharmaceutical drugs, perform minor surgeries, perform acupuncture, administer injections, diagnose, or treat disease. Instead, she offers an alternative approach to the client for the condition(s) presented.

\_\_\_\_\_I understand that Dr. Robin Lloyd Bailey, ND's role is to provide a professional opinion on matters pertaining to an individual's health care. The goal is always to help patients seek optimal health. That being said, naturopathic consultation is **not** a guarantee of a specific cure or result.

\_\_\_\_\_Dr. Robin Lloyd Bailey, ND is trained as a primary care physician; however, she is unable to fill that role in the state of Texas. Because of this, we ask you to maintain your relationship and continue services with a primary care physician.
